

BROOKLYN TAKES THIRD GAME: SCORE IS 2 TO 1

“Stay Out Versailles Pact”, Harding

NOMINEE’S ATTITUDE INDICATED

Says Wilson, Himself, Has “Scrapped” the League.

By Associated Press Leased Wire

Des Moines, Ia., Oct. 7.—A direct issue of ratifying or rejecting the league of nations was accepted by Senator Harding in a speech here today brushing aside the problem of clarifying reservations and declaring he would “favor staying out” of the covenant written at Versailles.

The candidate said he wanted no acceptance of the league with reservations to clarify American obligations, but that the proper course would be to reject those commitments altogether.

“I do not want to clarify those obligations,” he said. “I want to turn my back to them. It is not interpretation but rejection that I am seeking.”

Governor Cox’s definition of the issues was accepted in direct terms by the republican nominee, who said democratic stubbornness had prevented the senate from perfecting the covenant and had made the question placed before the voter a simple one. He called on all of those favoring a super-government to “vote the democratic ticket and pray God to protect you against the consequences of your folly.”

The senator also stated his program of a world association based on principles in harmony with the constitution, and renewed his pledge to initiate the formation of such a concert, immediately after his election.

Scrapped By Wilson

“Our opponents,” he said, “are persistently curious to know whether if, perhaps I might better say, when I am elected, I intend to ‘scrap’ the league. It might be sufficient to reply to suggest the futility of ‘scrapping’ something which is already ‘scrapped.’ Whether President Wilson is to be blamed or thanked for the result, the fact remains that the Paris league has been scrapped by the hand of his chief architect. The stubborn insistence that he be ratified without dotting an ‘i’ or crossing a ‘t’ the refusal to advise—that is, to counsel—with the senate, in accordance with the mandate of the constitution, is wholly responsible for that condition.

“The issue, which our opponents are endeavoring to before, is singularly simple and direct. That issue, as made

IMMIGRANTS POURING TO U. S. IN BIGGEST NUMBERS IN HISTORY

Ellis Island Boiling as It Never Has; Influx Continues.

By Associated Press Leased Wire

New York, Oct. 7.—Ellis Island, melting pot of the world, is boiling as never before, with the greatest flood of immigrants in history pouring into it. Millions more are clamoring at Europe’s exits, anxious to come to America and Congress will be pressed to quickly enlarge both the physical plant and working force on the island to more than double its present size, according to Immigration Commissioner Frederick A. Wallis.

Since early last summer, aliens have been entering America’s front door in unprecedented numbers. The problem of housing them until they can be admitted to the country has become painful to all parties concerned. Recently, hundreds of immigrants detained for investigation had to sleep standing up, as the floors, benches and chairs already were filled with the backwash from the congested dormitories.

Expect Increases.

The tide is certain to become greater with each passing month, Commissioner Wallis felt assured. Steamship operators informed him their accommodations are looked to capacity for 12 months ahead. Government officials announced 267,000 applications had been made for passports in Poland alone, mostly by Jews, while hundreds of thousands in other parts of Europe also were anxious to cross the seas to this country.

“Between 3,000,000 and 4,000,000 Italians are seeking domiciles and citizenship here and more than 3,000,000 Poles want to come over,” said Commissioner Wallis, who attributed the exodus from Europe to the harsh post-war living conditions and the economic situation.

“No Money, No Eat.”

Frequently the commissioner asked the aliens why they left Europe. Most of them replied “no money, no eat,” he said. Many Italian farmers declared they quit their native soil because of the danger from explosions when plowing in former battle grounds.

Added to the prospective influx of immigrants from the countries of the war allies will be millions in from Germany, who are making the way is clear, will seek passage to America, the immigration authorities have been informed by reliable and official sources. “The immigration in the future will be limited only by the capacity of the vessels,” Commissioner Wallis said.

In the meantime while wondering how many years it will be before aliens quit coming across the sea at their present rate, Ellis Island workers are perplexed over their existing problems. The normal capacity of the island is reached when 2,000 immigrants are inspected daily. Yet, on a recent day, 10,400 aliens were fed there. During another day the same week 11,000 persons were detained in the holds of the vessels which brought them over, while officials struggled with the work of examining the 4,000 then on the island. For two days the island doors were shut against newcomers, who remained on boats.

The rapidity of handling them depends upon the aliens themselves. Commissioner Wallis has found that some groups are easier to examine than others, while care must be taken in separating the many nationalities which make the island conversation sound like that at the Tower of Babel.

Must Be Careful.

“If we mix English, Irish and Jews there will be a free-for-all fight in ten minutes,” said the commissioner.

SOCIALIST SAYS HE WILL DEFY MAYOR SMITH

Attempt to Deliver Address Sunday May Bring Trouble.

William F. Kruse, secretary-treasurer of the Socialist party of Illinois, in a letter to Mayor Mark D. Smith this morning, is defiant in his tone concerning the holding of meetings in public parks or on the streets of Dixon. The official of the Socialist party in his communication to the mayor, announces that George Koop, a Socialist speaker, will be in Dixon next Sunday.

He further states that if the mayor will not grant permission to use Haymarket Square for the holding of the meeting, that the speaker will deliver his address on the streets. This plan, however, is not in accordance with the rules laid down by the mayor, who has refused to allow a public meeting in the parks or on any of the streets of the city.

“I am going to stand pat on my original decision concerning these Socialist speakers delivering their talks in the parks or on the streets of Dixon. They may hold their meetings in their hall and have their speakers address them there, but the parks and streets of the city are closed to this class of meetings.

“I take the position that as the Socialist candidate for president of the United States is a convict and in prison and that the last three speakers who have come to Dixon have either been ex-convicts or under indictment. I believe that it is only proper that I prevent the spread of the doctrines and preachings of this class of people. Mr. Kruse has stated in his letter that unless Haymarket Square is opened for this speaker next Sunday, that he will speak on the streets. To this, I will state that he will neither speak in the square or on the streets of Dixon, and my orders will be carried out to the letter.”

GIRL FOUND IN CELLAR YIELDS TO TREATMENT

Science Aiding Young Woman Found in Dungeon.

Mary Zumbach, crippled girl thought to be dying, is responding to the efforts of medical science and is recovering.

She is the girl who was found by the city health authorities in a filthy subterranean dungeon, where her mother admitted she had been incarcerated for 11 long years. Mary has the physical proportions of a child of 6 and had suffered a mental degeneration, the extent of which has not been determined.

The child was examined by Dr. Sigmond Krumholz, an eminent nerve specialist of Northwestern University medical school, who advised that the child be transferred to Chicago for treatment.

For two weeks the dwarfed mite has been administered dietetic and medical treatment under the supervision of Dr. Krumholz at the American hospital, where he is a staff physician. The child has registered a distinct response to treatment.

She is eating solid foods for the first time in her life and apparently with relish. She cries and otherwise asserts herself as she never did before.

Her apathy toward persons and things transpiring about her has disappeared and she affects a new interest in her existence. She has gained almost a pound in weight.

Street Car Struck Auto; Little Hurt

A city car running south on Galena avenue yesterday afternoon shortly after 3 o’clock collided with a automobile at the intersection of Commercial Alley with the avenue. The machine was driven by a Mr. Sandmair. One of the front fenders, the running board and front axle were damaged, the driver of the machine escaping without injury.

FANS ALL SET FOR BIG GAME TOMORROW WITH LEAGUE STARS

Most of Merchants Have Agreed to Close for the Contest.

All that is needed to insure the largest crowd that has ever gathered in the Browns Park tomorrow afternoon for the game between the American Association All-Stars and the Dixon Browns is a continuance of the present weather conditions. The game has been widely advertised and many are expected from the surrounding towns. The admission to this game will be the same as charged for other games this season, plus the war tax charge.

The all-stars will arrive here tomorrow morning from Chicago where they assembled today to open up their tour of the middle western states. They will spend the entire day here returning to Chicago Saturday morning where they open a two game series with Billy Neissen’s Pyotts Saturday afternoon.

Stores Will Close.

Hold World Sunday School Meetings in Big Tokio Theater

Tokio, Oct. 6.—(By the Associated Press)—Sessions of the World’s Sunday School convention, which were interrupted yesterday afternoon by the fire which destroyed the great hall where the first meeting was held, will be resumed tomorrow in the beautiful Imperial theater.

Justice MacLaren of Ontario, Vice President of the World’s Sunday School association, presided at today’s session and addresses were made by Marion Lawrence of Chicago and Wm. G. Landes of Philadelphia. Morning, afternoon and evening conferences were held and were addressed by prominent persons from many lands.

Finds Laxity Here in Payment of Tax

Jos. J. Lipke, Deputy Collector for the U. S. Internal Revenue department, who is here on a visit of inspection, reports tax conditions in the collecting of government war taxes on many articles, such as ice cream, etc. He says that various places he has visited have not been collecting the ten per cent tax required by law, and that the government has been losing a great deal of money because of this. Mr. Lipke also says a number of boat owners have neglected to pay the federal tax on motor boats and that they will now be required to pay double the tax as a penalty. All such tax returns should be made to the collector of internal revenue, Rock Island, Ill. Advice in tax matters may be had from that office or from Mr. Lipke, at his office in Sterling, Ill.

Dominion Rule is Acceptable, Sinn Fein Leaders Say

By Associated Press Leased Wire

London, Oct. 7.—Leaders of the Sinn Fein have intimated that, although they desire complete separation of Ireland from England, they would not oppose a broad measure of dominion home rule if it can be provided a majority of the Irish people demand it, says the Daily Mail. This intimation, the newspaper declares, was given in response to approaches made by the Irish peace council, a body of moderates from all parts of Ireland which has just completed a plan for dominion home rule in the island.

SMITH KEPT INDIANS IN SUBJECTION

Fluky Home Run Gave American League Champs Run.

By Associated Press Leased Wire

Ebbets Field, Brooklyn, N. Y., Oct. 7.—Sherry Smith’s southern slants were poison to the Cleveland Indians today and the Brooklyn Dodgers made off with the third game of the world’s series by a score of two to one.

The detailed story of the game, play by play, is:

FIRST INNING.

CLEVELAND—Olson threw Evans out at first. Wamby, with the count three and two, drew a pass. Smith almost caught Wamby off first with a snap throw. Johnston threw Speaker out at first, Wamby going to second on the hit and run play. Olson took Burns’ grounder and threw him out at first.

No runs, no hits, no errors.

BROOKLYN—Olson, with the count worked to three and two, worked Caldwell for free transportation. The former Yankee pitcher’s curves were breaking wide of the plate, and he worked very slowly and deliberately. Johnson sacrificed, O’Neill to Burns. Griffith shoved one at Sewell, which the little shortstop fumbled, Griffith being safe at first and Olson going to third. Olson crossed the pan with the first run of the day when Wheel singled to left, and Griffith took second. Myers, singled into right and Griffith scored. Wheat going to second. Speaker came into the diamond and sent Caldwell to the bench, calling Burns to take up the pitching burden. Malls forced Koney, the first man to face him, to fly to Wamby. Kilduff flied out to Wood.

Two runs, two hits, one error.

SECOND INNING.

CLEVELAND—Gardner, after putting a long fly into left field which fell foul, flied out to Griffith and then sat down. Griffith stole a hit from Wood by a fine running catch. Koney took Sewell’s grounder and threw to Smith, who covered the sack for the put out. Griffith got a big hand when he came in.

No runs, no hits, no errors.

BROOKLYN—Miller walked, but was killed off when Malls took Smith’s pop fly and then tossed to Burns, doubling the catcher. Olson singled into center and was caught stealing.

No runs, one hit, no errors.

THIRD INNING.

CLEVELAND—O’Neill went out at first on a peculiar play. Koney to Kilduff to Smith. O’Neill’s grounder bounded off Koney’s glove toward Kilduff who made a quick recovery and threw the runner out to the pitcher, who had covered the cushion. Malls flied out to Myers after having two balls called on him. Kilduff tossed out Evans at first. Manager Robinson patted Kilduff on the back for his quick play, when he came in.

No runs, no hits, no errors.

BROOKLYN—Johnston went out via Wamby and Burns. Neis batted for Griffith and went out Sewell to Burns. Wheat got a Texas leaguer over Sewell’s head for his second hit of the day. Myers flied out to Sewell.

No runs, one hit, no errors.

FOURTH INNING.

CLEVELAND—Neis replaced Griffith in right field for Brooklyn when the Robins took the field. Olson took Wamby’s grounder back of the grass, made a quick recovery and threw him out at first. Speaker shot a long hit into left which went through Wheat’s

LITHUANIANS CEASE FIGHT AGAINST POLES

Soviet Now Free to Put Big Force Against Gen. Wrangel.

Riga, Oct. 7.—(By The Associated Press)—Military operations between the Poles and Lithuanians have ceased, it was announced at Polish headquarters here today. This statement was made in connection with an announcement that the allied mission on the Polish-Lithuanian question had arrived at Suwalki Wednesday.

Polish and Soviet Russian delegates here were today completing the work of framing the final armistice terms between the two governments, and Prince Sapieha, Polish foreign minister, was expected to arrive to take part tomorrow in the ceremony incident to signing the convention.

The exact terms of the agreement have not been made public.

FEAR EFFECT ON WRANGLER.

By Associated Press Leased Wire

Paris, Oct. 7.—Military circles here are concerned over the effect the conclusion of an armistice between Russia and Poland will have on the campaign of General Baron Wrangel in South Russia. They declare there is no doubt that the bolsheviks will at once sent reinforcements to the Crimean front. Reports coming from Moscow that a French fleet intends to attack Black Sea ports, are denied by the Matin.

ROSEKRANS-THOMPSON—

Belvidere Daily Republican: Miss Helen Rosekrans, daughter of Mr. and Mrs. Richard Rosekrans of West Third street and Floyd Thompson, of Dixon, were married at 1 o'clock Monday afternoon at the State Street Baptist church, Rockford, the Rev. E. C. Lumsden, of Dixon, an uncle of the bride, officiating.

The bride was attended by Miss Jennie Arnold of this city and Mr. Thompson's best man was Lawrence Barringer of Belvidere. Miss Rosekrans wore a traveling suit of blue and her bridesmaid was attired likewise. Both carried bouquets of roses. The double ring ceremony was used.

Following the ceremony the principals and their attendants went to the Nelson hotel where the wedding dinner was served and later attended a theatre. The newlyweds departed afterwards for Chicago and other points where the honeymoon will be passed.

Their future home will be made in Dixon where the bridegroom is engaged in the cement contracting business.

The bride is well known here where she has lived nearly all her life. She was graduated from the Belvidere high school with the class of 1913 and for the past two years has been employed at the Farmers' State bank. She is a young lady of many charms and widely popular.

For a few years she resided in Dixon and there was employed in The Dixon National bank.

Mr. Thompson is well known here having visited Belvidere frequently. Friends of the couple will extend best wishes for their future happiness and prosperity.

HER FIRST BIRTHDAY—

Mrs. J. G. Resley entertained twelve little friends Wednesday afternoon in honor of her little daughter Charlotte Mae who was one year old. Virola music was enjoyed until the little tots were seated at the table where a scramble luncheon was served. A birthday cake formed the center piece.

VISITED IN CHICAGO—

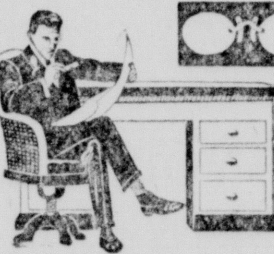

Mrs. Martha Shipper, Amy Shipper, Willey Shipper and Mr. and Mrs. Chas. Baker have returned from a motor trip to Chicago. While in the city they were guests of Mr. and Mrs. Borncamp.

WITH MRS. LENOX—

At noon a scramble dinner was served, after which complete plans were made for the chicken and biscuit supper to be served in the church, Friday evening from 5:30 to 8:00. The next meeting will be held in two weeks at the home of Mrs. Wallace Eater, Gap Grove.

PHIDIAN ART CLUB—

The first meeting of the Phidian Art club was held Tuesday afternoon at the Dixon Inn. The October day was perfect, the tables were beautiful with autumn flowers, and the Inn served a delicious luncheon.

A pleasing feature of the program that followed the luncheon was the dance given by Miss Marcelle Kent in the attractive costume of an Italian gypsy. The charming figures of the dance were invented by Miss Kent from the Italian gypsy steps and were interpreted by her with spirit and grace.

Miss Fannie Murphy, the retiring president, gave a toast to the new president, Mrs. H. C. Warner, expressing the club's good wishes and pledging her loyalty. Mrs. Warner made a happy response and gave instead of the customary address, an account of certain features of the Des Moines convention of the General Federation to which she was a delegate. It was during the war, said Mrs. Warner, that the child welfare movement began, because one-third of the men examined for military service were found unfit. When work was undertaken to find out why, it was ascertained that most children were born perfect, but that 50 per cent acquire preventable physical defects, more or less disabling. The child welfare movement was instituted to stop the pitiful human waste and insure to every human being the right to a sound body and vigorous health. Mrs. Warner also told of the progress of the visual education movement. Visual education is the term given to instruction in schools by means of moving picture films. The story of the film is prepared by the best educators, and remarkable results in certain subjects, as history and physical geography are obtained by means of this visual form of teaching. The results are so excellent that the movement is certain to become widespread.

Mrs. Law, the founder of the club, whom the club ever delights to honor, closed the program with an account of the luncheon at Des Moines of the Pioneer club, a group of women active in club work before 1890.

The next meeting of the Phidian Art club will be held at the home of Mrs. Abner Barlow.

ST. JAMES' AID SOCIETY—
The Aid society of St. James church met yesterday afternoon at the home

of Mrs. Bahen with twelve members and eight visitors present. The meeting opened with scripture reading by the president followed by roll call. The minutes of the last meeting were read and approved, also a report given by the secretary. It was decided to hold a chicken supper on October 12th at the church. During the social hour which followed dainty refreshments were served. The next meeting will be held at the home of Mrs. Burkett.

Mrs. W. C. Callahan and son, of Woonung, left Wednesday evening for a visit in Kansas City and Nebraska.

BIRTHDAY SURPRISE—

A very pretty birthday surprise party was given Monday evening by Mrs. Ted Hausen in honor of her husband's twenty-third birthday, about 45 friends enjoying the affair. The rooms were prettily decorated in pink and white, and birthday cake, set in the middle of the table, formed the center piece of the decorations in the dining room. The evening was spent in dancing, with fine refreshments at midnight, following which dancing was continued until an early morning hour.

WOMAN'S CLUB—

The Woman's club will meet at the home of Mrs. Chas. Hey, Saturday afternoon. Program in charge of Household Economic Department. Demonstration of angel food cake making will begin promptly at 2:30. Will those coming with conveyance who have room for extra passengers please stop at Rowland's drug store for those who may wish to ride.

GULBRANSEN

(Pronounced Gul-BRAN-sen)

Player-Piano

The Gulbransen Reads the Music and Strikes the Notes While You Put In the Expression—Fast, Slow, Loud, Soft

THE Gulbransen Player-Piano is a musical instrument which you may play well or play poorly. It is easy to play well; but playing it well requires some study and practice—about as much as learning to drive a car.

We emphasize this to encourage better playing. The Gulbransen can be played as artistically by roll as by hand. Thousands of owners play delightfully. Some, like John Martin, are such masters of "pedal-touch" and accent that they play with all the exquisite shading and phrasing of concert pianists.

Ten Years or Ten Weeks

The mere possession of a Gulbransen gives you all the technique that ten years of practice gives the hand performer. And then, in weeks instead of years, you can learn to play with the expression which makes music so satisfying.

A really brilliant ability on the Gulbransen is easily acquired if you have a "feeling" for music—the "feeling" which gives you a thrill from the military band on parade or a lump in your throat from a song filled with pathos. And this easily acquired ability is a never ending source of comfort and delight to you and all who know you.

Easy to Play

Have you ever tried a Gulbransen? It will astonish you by its easy playing. Look up the Gulbransen Dealer near you, named below. You have probably noticed the "Baby at the Pedals"—actually playing the Gulbransen—in his window. Write us for our free book, "Good Times with Your Gulbransen." Tells about the many kinds of music you can play and the fun you can have.

Nationally Priced

Three models, all playable by hand or by roll, sold at the same prices to everybody, everywhere in the U. S., freight and war tax paid. Price branded in the back of each instrument at the factory.

FRIENDS AGAIN

The newly elected president of Mex-
ico is to visit the United States. Pres-
ident Obregon will cross the Rio
Grande to pay his respects to neigh-
bors of a sister republic, and incident-
ally, to see what a U. S. A. fair is like.

Officially it is announced that the
president visits the state fair at Dal-
las, Texas. Really, though, he is vis-
iting the American people, hoping
thus to prove to them that Mexico is
perfectly willing to let bygones be by-
gones and renew friendly relations.

The Poles have captured Pinsk, and
this is the first intimation that there
is a rhyme for Minsk.

It was Villareal, not the real Villa,
who lost his job in the Mexican army
because of treason.

Undoubtedly, Cincinnati fans insist
the Reds would have won anyway.

A SQUARE DEAL.

The New York City Health Depart-
ment has just made public the re-
sults of an investigation of infant
deaths from diarrheal disease, basing
its finding on a careful study of the
history of 1955 deaths during May,
June, July and August.

These show that 16.7 per cent of the
deaths were in babies who had been
breast-fed, while 26.9 per cent were in
those who had been bottle-fed.

There is, of course, nothing new
about such figures, but they cannot
be reiterated too often, so long as
mothers who are physically able to
nurse their babies at the breast still
deny the baby its natural right and
resort to bottle-feeding for conven-
ience.

In this connection, it may be well
to remember that maternal nursing,
especially during the first few months
of life, supplies the infant with invalu-
able substances which protect the
infant against disease. Moreover, it
has conclusively been shown that with
proper management, very few moth-
ers are really unable to breast-feed
their babies.

Is your young hopeful getting a
square deal?

Q.—I fear I have an ulcer or some
malignant disease of the bowels. I have
been told to have my excreta exam-
ined for "occult blood." Can you tell
me what is meant by this term?

A.—By "occult blood" physicians
understand minute quantities of blood
not recognizable by mere inspection,
but demonstrable by means of delicate
chemical tests. The presence of "oc-
cult blood" naturally indicates the
presence of some ulceration or source
of bleeding.

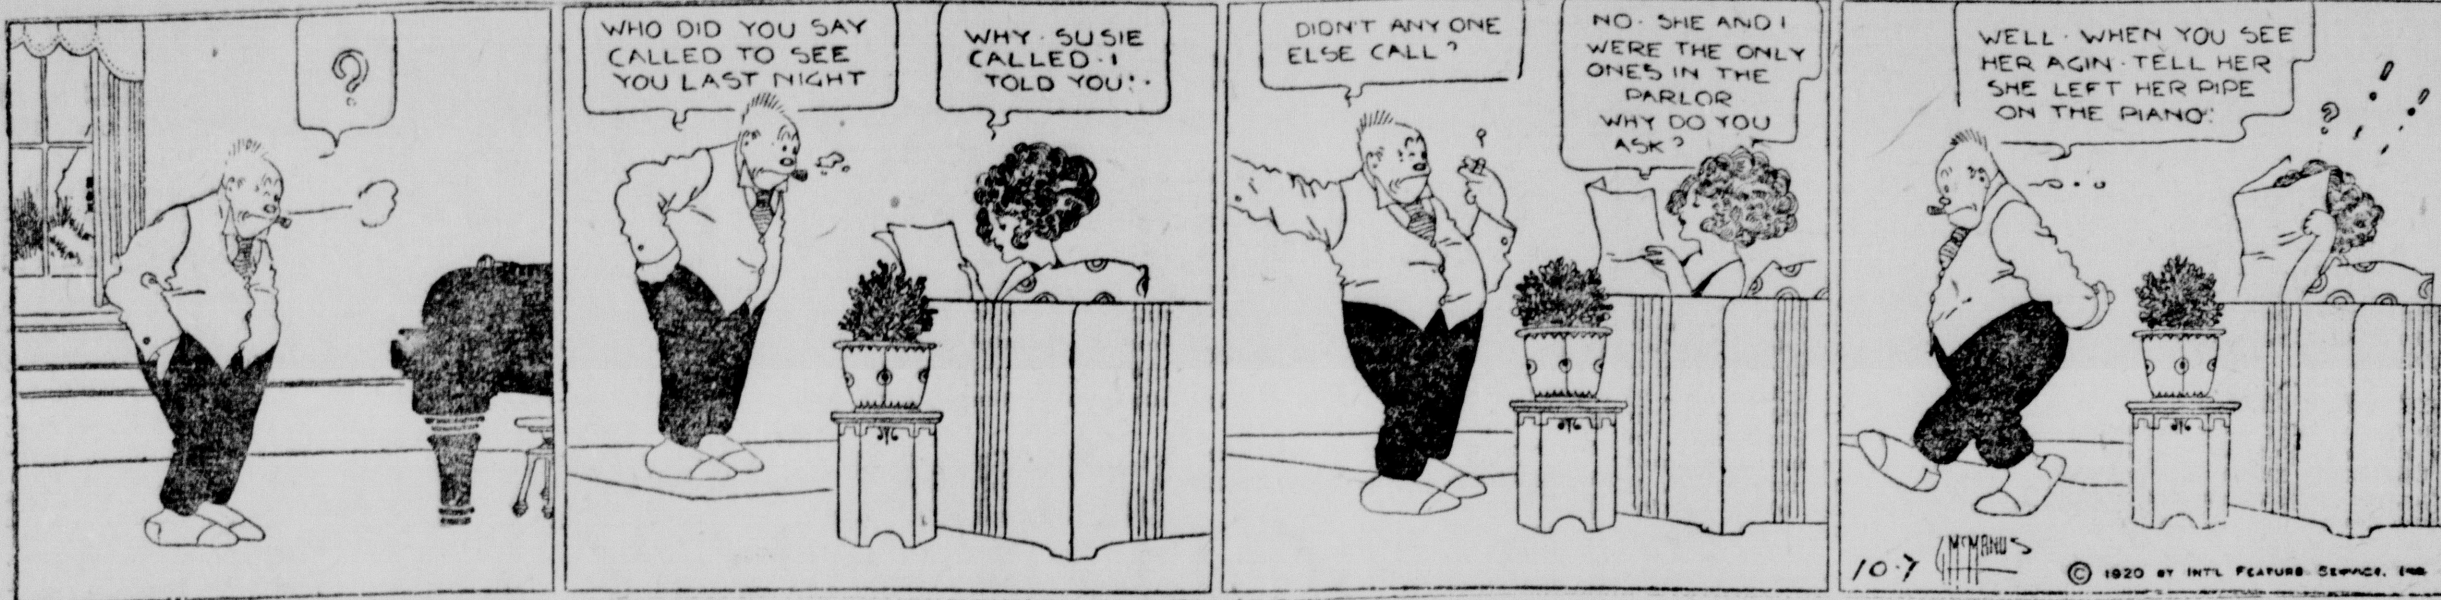

Q.—Can varicose be cured without
an operation? Is an operation con-
sidered dangerous?

A.—Not all cases of varicose need
to be treated by operation. When the
condition is very slight nothing may
need to be done. If somewhat larger
in extent, the wearing of a suspen-
sory bandage may be all that is re-
quired. If the varicose is very large,
and gives rise to troublesome sym-
ptoms, it may be cured by radical op-
eration. This is not especially dan-
gerous, but, of course, it should be per-
formed by a competent surgeon.

Q.—Please send me leaflet that will
instruct me how to increase my
weight, being 12 pounds below weight,
according to your table in the Alma-
nac?

A.—Do not worry about being some-
what under weight, provided you are
otherwise in good health. See that you
get plenty of fresh air, sufficient bod-
ily exercise, good food and the proper
proportion of work, recreation and
sleep. If you are not well, be sure to
consult a physician.

"Fine!" said Mr. Granddaddy Owl.

"Wonderful!" declared old Judge

Markie hung his head guiltily.

"I know," she went on accusingly.

"You want to buy another of those
salmon lolly-pops, and they're simply
ruining your stomach."

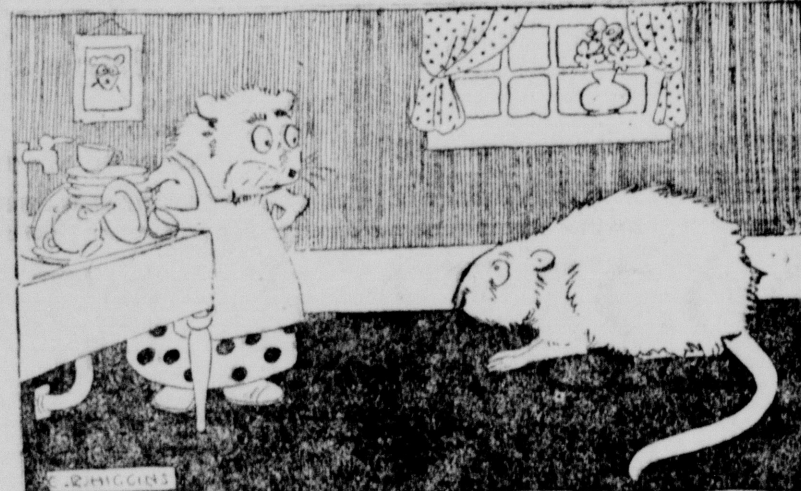

"Oh, no, Mama!" Markie declared.

"It isn't that at all. Honest!"

"Then it must be one of those
blubber balloons! You blow them up
faster than your Pa can make the
money to buy them."

"No, Ma, it isn't that either," de-

And Mrs. Muskrat had stopped do-

intend buying chewing-gum!"

Markie looked as though he'd rob-
bed a bank then, for his mother had
guessed exactly right.

"Now, young man, you march right
off to school," she scolded, "and don't
let me hear another cheep out of
you."

But Markie's mouth was watering
so for some chewing-gum that he
couldn't get it out of his mind. And
he thought and thought how he could
get a cent to buy some.

Confessions of a Bride
(Copyright 1920, by The Newspaper Enterprise Association)

THE BOOK OF ANN.

MORRISON VINDICATES ANN,
AND BEGINS TO QUESTION ME
PERSONALLY.

"This is horrible! Take her away!"

I whispered as I clutched Morrison's
arm. The actor had played his part
so well that Ann was fascinated. She
forgot the rest of her act, forgot to
run to the top of the bank and hide
in the bushes.

"I'll let you take her home in a min-
ute," Morrison whispered jubilantly.

"She didn't do it! It's the truth she's
been telling us! Now we'll put the
baby into the auto. I never had such a
lead taken off my mind since I wore a
police uniform, Mrs. Bob!"

By this time we had reached Ann's
side. I was crying. I couldn't say a
word to her. But I slipped my arm
around her. Morrison stepped to the
other side of the child and put his arm
around her, too, and thus supported,
we took her to the car.

"All right, little child," said the de-
tective, shaking her small hand very
ceremoniously. "We won't need you any
more. You go home now, and sleep
easy. But as a friend of the family,
just let me say, ma'am, stick to your
own man and fight shy of the likes of
him—Ives!"

Then Morrison turned to me:

"Maybe you'd like to come down to
the office with me for a few minutes?"

It's owing to you, Mrs. Bob, that I've
got out of the worst mixup I was ever
in! Imagine me working on a case in-
volving the old man's family. Gosh,
how it made me sweat! Maybe you'd
like to see it through, ma'am?"

Certainly I wanted to. I knew it
would do Ann good to sit still in the
car and listen to the waves a little
while. So I went with Morrison to one
of the offices in the bath house. The
actor was sitting by a table on which
were spread many charts and photo-
graphs having to do with the murder.
The plain-clothes men were waiting
for their chief.

Morrison marched up to the table.

"Here's how I see it, gentlemen," he
said positively. "Ives faced Mrs. Lor-
rimer standing on the platform of the
hill. The girl has told the truth. His
head was turned—" Morrison tilted up
the actor's chin. "Now the bullet
went through the skull of the mur-
dered man so—" He drew an imagi-
nary line down the actor's head,
wanting the diagram. Now Ives stood
half-way between the two ends of the
pavilion. The bullet that killed him
never could have come from A. 25.

A bullet from that room would have
hit him in front and have taken a hor-

izontal course, too. Ives was killed by
a shot fired from a room in the upper
tier of compartments."

"That don't clear the party we've
just questioned," growled one of the
younger detectives.

"Mark time, Parsons! Mark time!"

commanded the chief. His words
might have been a cue for immedi-
ately the men left the place. Morrison
went up to the car and jumped in be-
side me.

On the way home he asked me many
personal questions about Bob. He put
them casually, as a friend might who
had shared hard experiences like
those in Mexico.

Perhaps because my nerves were on
edge from the strain of the day, I read
an ulterior meaning into all of his
kindly inquiries.

That assistant prosecutor had sug-
gested horrid things. He had linked
Bob and me with the case. He had
collected evidence from drain-diggers.

They had asserted that Bob was driv-
ing like a man drunk or crazy, after
seeing me with Ives in the park. The
prosecutor had seemed to think it
very odd that my husband should
leave town "on secret business," tak-
ing the very first train after the mur-
der! He had also intimated that it was
quite possible for a former army man
to own a regulation automatic!

In a fatherly fashion, Morrison was
drawing me out. I couldn't resist his
curiosity, but I didn't breathe freely
until, quite suddenly, he dropped the
subject. Then, in confidence, he an-
swered my inquiries about the clues in
Ann's case. He explained how easy it
was to trace that conspicuous yellow
bathing suit, labeled with Bryson's
name, and the gun stamped as prop-
erty of a certain movie picture con-
cern, and how simple was the trick
by which the plain clothes man, dis-
guised as a college boy, had entered
my house. The finding of the key was
extraordinary good luck.

"I'd like to know more about that
automatic," Morrison

"There's nothing in it, now!"

"Not loaded?" I exclaimed.

"Wire Jim!" exclaimed Ann sud-
denly. "I—I—seem to recall—that we
had finished the clip—and Jim didn't
have another! Why didn't I remem-
ber that before?" she sobbed.

FREE SPEECH.

To The Evening Telegraph:

Lack of space forbids giving more than a few of the most flagrant violations of the citizens' rights in the suppressions of free speech. Instead of multiplying these it would seem better to give space to the comments to Frank L. Cobb, editor of the New York World, on a policy of this kind. On Nov. 17, 1919, Congressman Ernest Sunden was arrested by Sheriff Gorman as he was about to give an address on the League of Nations. He was taken in the railway station, pushed into a refrigerator car and the door locked and was rescued only after the train had gone 20 miles.

At Ardmore, Oklahoma, Senator James A. Reed was rotten-egged and the electric wires cut when he attempted to make a speech on the same subject.

In an address given before the Woman's City Club of New York by Frank L. Cobb, acknowledged to be the greatest newspaperman in America, gave utterance to the following arraignment:

"Thomas Jefferson said that 'The spirit of resistance to government is so valuable on certain occasions that I wish it always to be kept alive.' It will often be exercised when wrong but better so than not to be exercised at all." If the author of the Declaration of Independence were to utter such a sentiment today the Post Office Department could exclude him from the mail; grand juries could indict him for sedition and criminal syndicalism; legislative committees could seize his private papers and search them for evidence of Bolshevism; and United States Senators would be clamoring for his deportation on the ground that he had been tainted with the ribald doctrines of the French Revolution, and should be sent back to live with the rest of the terrorists."

"The moment that a republican form of government sets itself up as the nursemaid of the people, to train their immature minds to suit its own purposes, and to guard them from all influences that it considers contaminating, we already have a revolution and a revolution backward, a revolution by usurpation."

"God forbid that our supreme achievement in this war should be the Prussianizing of ourselves."

"The policy of repression that has been generally adopted by governors,

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for Pinex, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

FAMOUS JOHNSTON BOYS FIRST BROTHERS TO CLASH IN A WORLD SERIES

This is the first picture ever taken of Doc and Jim Johnston in uniform. Doc, the Cleveland first baseman, and Jim, the Brooklyn third sacker are the first brothers ever to oppose each other in a world series.

mayors and police officials—in some cases by federal authority—to meet this propaganda of radicalism is fatal. Two thousand years of history bear witness to its folly. Nobody ever succeeded in bettering the weather the thermometer in jail, and no body will ever remove the causes of unrest and discontent by trying to suppress their manifestations."

The Times-Independent of Streator, Ill., after noting the attempt made in

that city to suppress a lecture on economics by Scott Nearing, and after admitting that though not an advocate of Nearing's philosophy the editor had received great benefit from the address and wished that every person in the city might have enjoyed it. He also said further:

"We fought the war to kill tyranny and despotism. We seem now to be in danger of establishing the most sinister of all tyrannies, a dictatorship of

forces to curb the free expression of ideas. We are getting hysterical and losing our sense of perspective, damning everybody who does not wear a conventional label. It is one thing to deport aliens who repudiate our institutions and preach violent resistance to them and quite another to look with suspicion on every liberal-minded person who seeks drastic reforms instead of being content to platitudinize about them."

Says His Prescription

Has Wonderful Influence

Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Public Drug and Book Company has been appointed agent for Allenhu in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

185 times - no difference !

Miss Betsy Lane Shepherd, famous concert soprano, has made this test 185 times. 185 public audiences, in 185 cities, have heard her compare her voice with its RE-CREATION by the New Edison. No one, out of a total of more than 100,000 listeners, has been able to tell when Miss Shepherd was singing, and when the New

Edison—except by watching her lips. 4,000 similar tests of direct comparison, made by over fifty other celebrated vocalists and instrumentalists, have given this same result. The New Edison is perfect realism achieved!

What kind of music "gets" you ?

Tell us—and we'll show you how all its emotional power is RE-CREATED by the New Edison

Is it the soulful violin?—a mellow contralto?—the scintillating flute?—a sweet, soothing tenor?—that draws the quickest emotional response from you.

Let us play your favorite voice or instrument in a new kind of Realism Test. See whether you are touched by the RE-

CREATED music in the same way that you are touched by the living music.

We want to show you that the New Edison RE-CREATES all the vital power in all music.

Remember what to ask for—"personal favorites" Realism Test!

The NEW EDISON

"The Phonograph with a Soul"

Perfect realism is your one vehicle to the inner joys of music which you crave.

Mr. Edison spent three million dollars in the research work which gave the New Edison perfect realism. He did this in order that the phonograph might transcend its former limitations and (here we quote Mr. Edison's own words), "bring into every American home, music so realistic and so perfect in its rendition as to be an unending source of benefit and pleasure."

The instruments which proved this perfect real-

ism in Miss Shepherd's 185 tests were all exact duplicates of the original Official Laboratory Model on which Mr. Edison spent his three million dollars. You can also have an exact duplicate of this three million dollar original. We have it in our store, and guarantee it to be capable of sustaining the same test of direct comparison.

Important Practical Detail Our Budget Plan brings your New Edison for immediate enjoyment, without asking for immediate payment. Ask about it when you come in to hear the "Personal Favorites" Realism Test.

Fat That Shows Soon Disappears

Prominent fat comes and stays where it is not needed as a burden, a hindrance to activity, and a curb upon pleasure. Many forms of advice to reduce weight have been advanced, such as dieting, hard work, excessive exercise, etc., all of which are either unpleasant or dangerous.

The latest, more modern and pleasant way to take off burdensome fat, is to take, after each meal and at bedtime, a Marmola Tablet. These little tablets are as effective and harmless as the famous Marmola Prescription from which they take their name.

To get rid of fat at the rate of two, three or four pounds a week, simply take one of these little tablets after each meal and at bedtime until you have reduced your weight to where you want it. No wrinkles or flabbiness will remain to show where the fat came off.

They are for sale by "druggists at \$1 for a good size box. If you prefer to have them come to you direct, mail, prepaid, in plain sealed cover, send amount to the Marmola Co., 27 Garfield Building, Detroit, Mich. and bid goodbye to dieting, exercise and fat. Be yourself, slim, trim and attractive.

HARDING IN FAVOR OF STAYING OUT OF VERSAILLES PACT

(Continued from Page 1)

by the democratic president and the democratic platform and the Democratic candidate does not present to the American people the question whether they shall favor some form of association among the nations for the purpose of preserving international peace, but whether they favor the particular league proposed by President Wilson. The Democratic platform and candidate have not declared for "an" association, but for "that" association, and it is that association and not some other which we are promised will be ratified within sixty days if the Democratic candidate be elected.

The platform, to be sure, approaches its endorsement with winking words and sly qualifications calculated to betray the innocent and entrap the unwary; but it does, nevertheless, endorse the league as it stands. It does not advocate or favor any reservations or amendments or changes or qualifications. It goes on further than to suggest that reservations will not be opposed which make clearer or more specific the obligations of the United States to the league.

Strikes a Deadly Blow
But there is no need of reservations of this character. The obligations are clear enough and specific enough. I oppose the proposed league, not because I fail to understand what a former member of the Democratic administration has said "we are being let in for," but because I believe I understand precisely what we are being let in for. I do not want to clarify these obligations. I want to turn my back on them. It is not interpretation, but rejection, that I am seeking. My position is that the proposed league strikes a deadly blow at our constitutional integrity and surrenders to a dangerous extent our independence of action. The Democratic platform rejects this position, to quote the ex-

act words, "as utterly vain, if not vicious." The Democratic candidate in his speech of acceptance has said, "A definite plan has been agreed upon. The league of nations is in operation." * * * Senator Harding as the Republican candidate for the presidency, proposes in plain words that we remain out of it. As the Democratic candidate, I favor going in. The issue therefore, is clear. I understand the position of the Democratic candidate and he understands mine, as his own words just now quoted plainly show, notwithstanding the recent pretense that my position has not been made clear. In simple words, it is, that he favors going into the Paris league and I favor staying out.

Wants No One Misled
I do not want any one to be misled. I will have no man's vote upon a misunderstanding, and I am equally determined, if I can prevent it, that my opponent shall have no man's vote upon a misunderstanding. My position, I think, has been made perfectly plain, but whether it has or not, his position is beyond cavil, and it is that we shall go into the Paris league without modification or substantial qualification. To such a betrayal of my countrymen I will never consent. To those who desire to incur the hazard of entrusting any of the powers of the republic to the direction of a super-government, or, if you prefer, to a council's direction be one of legal or of moral compulsion, I frankly say: Vote the Democratic ticket and pray God to protect you against the consequences of your folly.

We have been told that we must ratify the proposed covenant in order to become a member of the league, and that, if we do not, we shall be obliged to stand with hat in hand and sue for admission hereafter. He who presents such a humiliating picture is singularly blind to the facts. We stand almost alone among the great nations in our disinterested relation to the problems of the world. Because of this, the world is ready to recognize our moral leadership. Because we are not vitally concerned in the conflicting interests of Europe, because we are independent, because we are able to approach the solution of the questions which continually threaten the peace of Europe as an unprejudiced umpire rather than as an interested party, the world will be glad to have us formulate the plan and point the way. Occupying such a position, we must be careful not to destroy or weaken it by surrendering our present freedom of determination and action to the compelling or directing will of others.

Have Suffered Enough
Surely, we have suffered enough from the autocratic assumption of a personal wisdom, which will neither take counsel or learn from experience. To formulate a plan of international co-operation, which will contribute to the security and peace of the world without sacrificing or dangerously diluting our power to direct our own actions, is a task of no small diffi-

culty. I should not be fit to hold the high office of president if I did not frankly say that it is a task which I have no intention of undertaking alone. There are many and conflicting opinions among the people and among the members of the senate upon the subject. These opinions must be reconciled and harmonized if we are to have any international association for peace at all.

I shall not risk embarrassing the final solution of a problem so momentous by undertaking to lay down in advance specific details or plans. I am in favor of our doing our full part in the rehabilitation of the world and in securing humanity against the horror and tragedy of future war.

Would Meet Every Obligation
I am in favor of America meeting her every righteous obligation in this respect. But I shall never present to the senate any compact by which we shall in any degree surrender or leave in doubt the sovereign power of the United States to determine, without the compulsion or constraint of any extra-constitutional body, how and when and to what extent our duty in that respect shall be discharged. As soon as possible after my election I shall advise with the best minds in the United States and especially I shall consult in advance with the senate, with whom, by the terms of the constitution, I shall indeed be bound to counsel and without whose consent no such international association can be formed. I shall do this to the end that we shall have an association of nations for the promotion of international peace, but one which shall so definitely safeguard our sovereignty and recognize our ultimate and unimpaired freedom of action that it will have back of it, not a divided and distracted sentiment, but the united support of the American people. Without such united support no plan can be made fully or permanently successful.

New Pavement is Cracking Badly

Travelers on the new concrete pavement on the Lincoln highway between Dixon and Sterling report that it is showing an exceptionally large number of big cracks, the edges of which are commencing to crumble under the heavy traffic. Inasmuch as the pavement is under the control of the State Highway department the local officials have no authority to fill these cracks and it has been suggested that someone interested notify the state officials so that the repairs can be made before cold weather sets in. It is feared that should the cracks fill with water or snow and freeze the pavement would be damaged beyond repair in many places.

That's the Vose & Sons Piano on display at Miller's. To own a Vose is to show unusual good taste and sound judgment.

Not a word of praise would it need to convince you; nor recommendation from the long-haired concert artist. Because it's right there with exquisite tone, perfect scale, responsive action and the other lovely things they tell about in most piano-advertising!

Gather a few friends; or take your family with you to the Miller store for the supreme test—your own ears. If you fail to give to the VOSE your admiration and respect, then no piano made in America ever will have it!

NEW INVENTION MAKES AIRPLANE FULLY FIREPROOF

Also Enables Aviator
to Make It Flaming
Comet.

By Associated Press Leased Wire
New York, Oct. 7.—Experts of the army and navy aviation service today were preparing reports to the government on the flying demonstration of a flaming oil-soaked, fire proofed airplane and its midnight landing device, witnessed by them last night at Mineola. American and British experts who saw the spectacular demonstration by Paul Collins, a civilian flyer, said it marked one of the most important developments in aviation since the armistice.

Before making his ascent to an altitude of 5000 feet, Collins' machine was treated throughout with the fire proofing "dope" and then completely saturated with gasoline. Collins himself donned a costume similarly treated. At his highest altitude he set fire to the gasoline and thrilled the countryside by his flaming comet-like course. On his descent, at about 1000 feet, he also touched off two large flares of magnesium, on the tips of the wings, and by manipulating two large mirrors underneath the fuselage, he illuminated the whole landing field, enabling him to make a perfect "daylight" landing.

The fire proofing, as well as the mechanic apparatus for operating the device, is the invention of Parker H. Bradley, of Nutley, N. J.

Minnesota Eleven Tackles Methodists

By Associated Press Leased Wire
Minneapolis, Oct. 7.—Only one workout was on today's schedule for the University of Minnesota football team, which leaves tonight for Evanston, where it will play its first 1920 big ten conference game with Northwestern next Saturday.

Twenty-seven players and eight coaches and trainers will make the trip. Friday will be spent in Chicago, where a workout will be taken. It is expected that Ruben, star fullback, will play Saturday, after being out of the game for two weeks on account of injuries.

GAS AND BOOZE DON'T MIX WORTH A WHOOP.

Houston, Tex.—Three men here attempted to mix gasoline and booze—both were put under the back seat of their machine previous to a joy-ride. But the gas was in a tank and the booze in a bottle. And they don't mix worth a whoop. Cops pinched them and the grand jury will hear their story.

Joe Green of Chicago spent Sunday with his mother Mrs. E. S. Green, Hennepin avenue.

Pleads Not Guilty

James M. Miles

James M. Miles, absconding Chicago banker, for whom a search was instituted in this section of the state last November when he fled after short-sightedness amounting to nearly \$200,000 in his accounts were discovered, yesterday entered a plea of not guilty to embezzlement when arraigned in Judge George Kersten's court in Chicago. Bank officials declared they would prosecute him to the limit, placing no credence in his expressed desire to make restitution and ask clemency, claiming that he has had six months since his surrender in which to make restitution, but that he has spent most of that time trying to figure out how to keep out of the penitentiary.

Suffrage Assn. Now in Voters' League

By Associated Press Leased Wire
Chicago, Oct. 7.—Merger of the 200,000 members of the Illinois Equal Suffrage Association in to the Illinois League of Women Voters was the first action undertaken at the 52nd and final convention of the organization, which began a three days' session today.

Mrs. Grace Wilbur Trout, president of the association, said today the league would in no way interfere with the political affiliations of the women, but would be "all partisan in scope." Its work, she said, will be largely educational.

Louis Scholl and James Cotes have returned from a trip to Portland, Salt Lake and Council, Idaho.

Cox Takes League Issue to Kentucky Voters During Week

By Associated Press Leased Wire
En Route With Governor Cox, Oct. 7.—With a number of speeches through Kentucky and Tennessee, Gov. Cox today resumed his personal speaking campaign, to continue virtually until election day.

Opening his Kentucky campaign with an early morning address at Elizabethtown, the democratic presidential candidate was to spend several hours for an extended address at Bowling Green this afternoon and be the central figure of a mass meeting tonight at Nashville, Tennessee. Several rear platform addresses today also were contemplated and tomorrow the governor will visit more Kentucky cities, ending his tour of the "blue grass" state tomorrow night at Louisville.

The League of Nations was brought into Kentucky by the governor as the pre-eminent issue to be championed by democracy and thrust at the opposition. With its moral aspects uppermost, material interests also were to be outlined by Governor Cox.

EUGENIC MARRIAGES

will insure to this country a healthier and more intelligent "family of the future" and many a woman, obviously unfit for marriage, has had her health restored by the timely use of Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills the world has ever known. Enormous quantities of roots and herbs are used annually in making this good old-fashioned remedy and no woman who suffers from female ills should lose hope until she has tried it.

JORDAN

C. Hummel returned Tuesday from Postville, Ia., where he attended the Lutheran synod as delegate from the West Jordan church.

Rev. Justus Kauffman attended the Lutheran synod at Postville, Ia.

A farewell reception was given at the Charles Parks home on last Tuesday evening in honor of Rev. and Mrs. E. Lee Towlesley and son Hollis, who will leave for their new pastorate at Adair, Ill. One hundred and 35 were present. The evening was spent socially and refreshments consisting of ice cream and cake were served. On leaving, good byes were said and well wishes expressed to the Towlesley family.

Rev. M. B. Leech, the new pastor at East Jordan, preached on last Sunday morning and evening. Their household goods arrived Saturday.

Rev. M. B. Leech and family were dinner guests at the Alex Anderson home Sunday.

Louis Scholl and James Coats are spending four weeks in Idaho.

Mrs. Towlesley is visiting at the Tom Pfundstein home for several days. Their household goods left Wednesday for Adair.

Alex Anderson attended a Sunday school convention at Brookville on Sunday afternoon.

East Jordan Missionary society will meet at the Louis Scholl home Thursday and will hold an all day meeting.

Misses Pearl, Hazel and Dorothy Frank of Sterling and Mary Majeski of Prophetstown spent the week end at the home of their uncle, Fred Schall of Penrose.

Mrs. Ray Gilbert and Mrs. Willis Tillman spent from Thursday till Sunday at the George Rummel home in Adeline.

On Sunday the following were entertained at the Rummel home: Mr. and Mrs. Alfred Tillman and son Russell of Coleta, Mr. and Mrs. Omer Mensch and daughter Janet, Mr. and Mrs. E. H. Tillman, Mr. and Mrs. Lewis Baker and son Dwight of Penrose, R. E. Gilbert and Willis Tillman. Mrs. Floyd Tillman returned Satur-

day from a four weeks visit with her parents at Belvidere.

Mrs. E. H. Tillman is spending the week in Adeline.

Mr. and Mrs. Amos Hoak, Mr. and Mrs. William Hummel, Mrs. J. M. Gilbert and Mrs. J. A. Gilbert, attended the Whiteside county Sunday school convention at Erie on Wednesday and Thursday. Mr. Hoak was county president, the others being delegates. Mrs. J. A. Gilbert was until Saturday visiting relatives at that place.

Mrs. D. B. Martin of Dixon and Edward and Elsie Mae Gilbert spent Sunday at the J. A. Gilbert home.

The steam shovel has been placed in the George Brown gravel pit and work will begin this week graveling the mile and a quarter connecting the

Woosung to Whiteside county line road, also the mile past the George Brown home.

ROYALTY IN BRAZIL
Rio Janeiro, Oct. 5. — Sao Paulo, Brazil's second largest city and center of the world's greatest coffee growing district, enthusiastically welcomed King Albert and Queen Elizabeth of the Belgians, who, accompanied by President Pessoa and party, arrived in that city this evening. King Albert and Queen Elizabeth will remain in Sao Paulo four or five days before returning to Rio Janeiro.

What Keep-Well Says:—

"When Mrs. Jenkins' youngest girl had diphtheria last month I went right over and offered to be of some help. She has six children and she was frantic for fear they would all come down with it.

"And right away I asked if she had PURI-FI, and when she said no, I carried over my bottle and told her how to use it.

"She kept an open dish of it diluted in water sitting round the sick room, and at the doors hung up sheets saturated with the solution and made everybody in the house wash and gargle with it and put all the sick child's bed clothes right to soak in it, and do you know there wasn't a single other child caught the diphtheria.

"The doctor said it was a very wise thing to do and he had seen the same thing happen before."

PURI-FI comes in 4-ounce bottles 25c.—12-ounce bottles 50c. Safe, effective, economical. Use sparingly, diluted as directed. Indispensable as household disinfectant and germicide.

50--HEAD--50

Tuesday, October 12, 1920

Our offering this year consists of 9 September Yearling Boars, 15 Spring Boars and 25 Fall Yearling and Spring Yearling Sows

3 fall yearling boars by Big Porter and out of Ohio Giantsess. These are full brothers to the Hagan boar Big Corporal and will make 1,000-lb. boars.

3 fall yearling boars by Denny's Giant, out of a granddaughter of Big Defender and they are 1000-lb. prospects also. Denny's Giant is the largest boar in the east and stands at \$500 service fee. Some other good ones by Big Porter and Chief Big Bone. Every one of these fall boars is a good one.

15 spring boars by Orange Boy, Big Porter, Wisconsin Orange, Greene's Long Prospect, Black Giant, Big Belmont Buster and others.

2 pigs by Orange Boy, out of Ohio Giantsess Again, litter mate to Big Corporal. These are the longest bodied pigs I ever saw sired by Orange Boy and they are herd headers and great prospects for herd and show boars.

The best lot of sows we ever sold either bred or open. A litter of 6 September yearling gilts by Orange Boy, out of one of the great sows of the breed. The making of great herd and show sows. A cracker by Denny's Giant, same age. 2 by Belmont Buster out of the show sow Mollie Big Bone 2d. Other good yearling sows by Blue Valley Giant, Big Porter, Smooth Orange, Mellow Bob Jr., and others. The best summer yearling sows we ever sold, sired by Big Porter, the wonder sire.

We ask everyone interested in the Big Blacks to write for our catalogue and plan to attend the sale, October 12. No postponement on account of weather. Trains met at Buda, Sheffield and Langley.

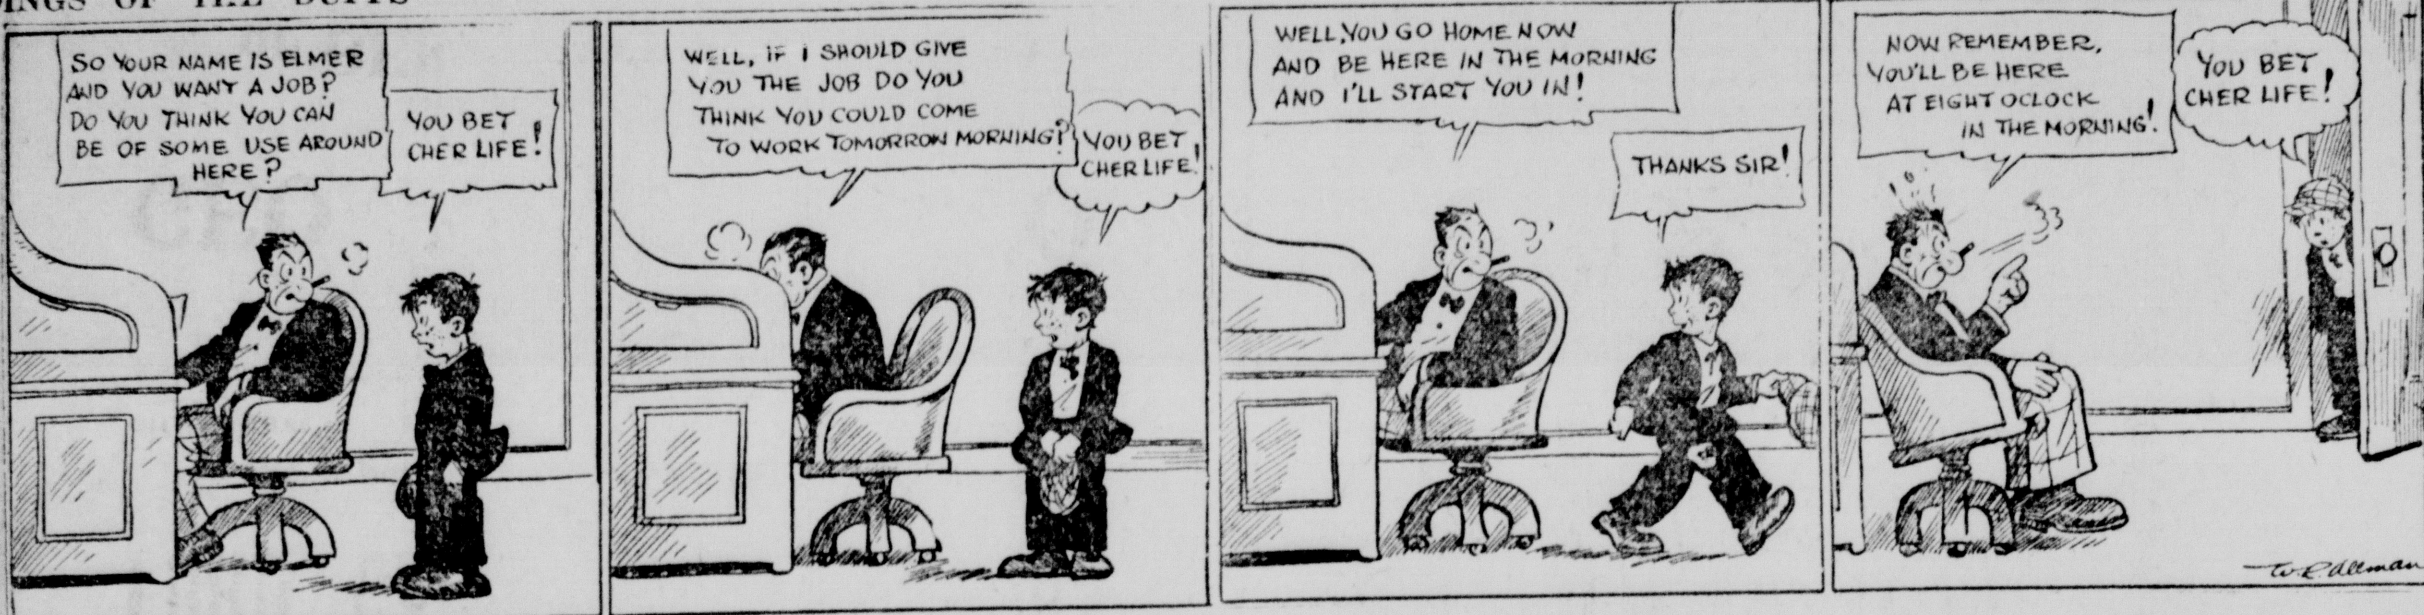

Sale will be held at farm, 2 1/2 miles northeast of Sheffield and 4 1/2 miles northwest of Buda.

CURED HIS RUPTURE
I was badly ruptured by lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me. Eugene M. Fulton, Carpenter, 616 Marcellus avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured, you may save a life or at least top the misery of rupture and the worry and danger of an operation.
